FINAL PROGRAM DECISION

Application #: «ContractNumber»

Dear «DecisionMakerName»:

This letter is to inform you that your application for the [ENTER YEAR] Conservation Security Program (CSP) has been selected for funding. This letter does not serve as a formal approval of your contract. Please do not start any practices before the NRCS Approving Official has actually signed your contract. Starting a practice before approval will void eligibility for financial assistance for that conservation practice.

You must contact this office within [ENTER #] calendar days after you receive this notice to advise me of your intention to proceed with contract development. I will then arrange follow up actions with you. This conditional approval is therefore effective through [ENTER DATE THAT IS APPROPRIATE NUMBER OF DAYS FROM DATE OF LETTER]. Failure to contact me within the specified timeframe will result in your application being disapproved.

Congratulations on your pending enrollment in the Conservation Security Program. We look forward to working with you in this new conservation program to promote enhanced stewardship of our nation's working agricultural lands.

Sincerely,

[ContractSiteIDContactName]
DISTRICT CONSERVATIONIST
