

Part 515 – Exhibits

Subpart F – Sample Letters

515.51 Sample Letter Requesting DSR Time Extension

Subject: PDM – Emergency Watershed Protection,
Request for DSR Performance Time Wavier,
EWP Project < *Enter Project #* >, < *Name of Event* >

To: < *Name* >
Deputy Chief for Easements and Landscape Planning
Natural Resources Conservation Service
Washington, DC 20250

In accordance with 7 CFR 624.11, we are requesting a waiver of the EWP regulatory 60 day time limit to complete the damage survey reports (DSRs) and associated cost estimates for the < *Name of Event* >, that caused damage on < *Enter Date* >. The 60 days expires on < *Enter Date* >.

The delay in completing the DSRs is due to the difficulty in accessing the sites and the magnitude of the sites. We have received requests from 20 sponsors and it is estimated that there are over 100 DSR's to complete. We are requesting an additional 30 days to < *Enter Date* > to complete the DSRs.

It is to the advantage of the government, sponsors, and citizens of < *State* > affected by < *Name of Event* > to extend the time to complete the DSRs.

Your consideration of this request is appreciated.
