[1]The Monitoring Schedule must be adjusted for CUAs, Highly Managed Easements, Violations, Ownership Changes, Management Plan Updates, and Repairs.

[2]Offsite monitoring is the minumum requirement, onsite monitoring can occur annually.

Program	Year of Acquisition (Easement Closed)	5 Year Cycle					
		FY 1	FY 2	FY 3	FY 4	FY 5	FY 6 +
FRPP[3]	Monitoring Not Required, Baseline Report	Entity Monitoring	Entity Monitoring	Entity Monitoring	Entity Monitoring	NRCS with Entity Onsite Review	Repeat 5 Year Cycle

[3]All FRPP easements enrolled in fiscal years 2006-2008 and any easements with United States as grantee.

Non-Stewardship Lands Monitoring Schedule

Program	Year of Acquisition (Easement Closed)	5 Year Cycle					
		FY 1	FY 2	FY 3	FY 4	FY 5	FY 6 +
ACEP-ALE and FRPP[4]	Monitoring Not Required, Baseline Report	Entity Monitoring	Entity Monitoring	Entity Monitoring	Entity Monitoring	Entity Monitoring	Repeat 5 Year Cycle
GRP[5]	Monitoring Not Required, Baseline Report	Entity Monitoring	Entity Monitoring	Entity Monitoring	Entity Monitoring	NRCS with Entity Onsite Review	Repeat 5 Year Cycle

[4]If NRCS must exercise the third-party right of enforcement, the National Program Manager must be contacted for additional guidance, the non-stewardship lands monitoring schedule cannot be used in these situations.

[5]All GRP easements held by the cooperating entities. This schedule can be followed for any FRPP deeds that require NRCS onsite monitoring.
