General Contract Provisions

1. DEFINITIONS

   The following definitions are applicable to the Conservation Program Contract (CPC) entered into under the program identified in the program-specific section of this appendix. All other words and phrases, unless the context of subject matter otherwise requires, shall have the meanings assigned to them in the regulations governing the applicable program.

   1. Contract or CPC.—The program documents, including Form NRCS-CPA-1202, “Conservation Program Contract”; the Appendix to Form NRCS-CPA-1202; Form NRCS-CPA-1155, “Conservation Plan or Schedule of Operations”; Form NRCS-CPA-1156, “Revision of Plan/Schedule of Operations or Modification of Contract”; and Form NRCS-CPA-152, “CPC Transfer Agreement.” The contract sets forth the terms and conditions for program participation for the programs identified in this Appendix.

   2. The Natural Resources Conservation Service (NRCS).—An agency of the U.S. Department of Agriculture (USDA). NRCS is administering this contract on behalf of the Commodity Credit Corporation (CCC). Therefore, where this contract refers to “CCC,” NRCS may act on its behalf for the purposes of administering this contract.

   3. Participant.—A person, legal entity, joint operation, Indian Tribe that is a producer, or other eligible party who has applied for participation in the program, has been selected as eligible for participation, and who has entered into this contract as responsible for implementing its terms and conditions. Any participant that will receive any share of a payment made for the implementation of this contract must be a signatory on the contract and eligible for such payment. Any participant on the contract may approve payment applications for the contract unless signatory is specifically not granted or assigned on the contract Forms NRCS-CPA-1202 or NRCS-CPA-152.

2. ELIGIBILITY REQUIREMENTS

   A. The participant must, upon request, provide evidence to NRCS demonstrating that such participant controls the land during the contract period. By signing this contract, the participant certifies that such participant will control the land subject to the contract for the contract period.

   B. Land otherwise eligible for the applicable program shall not be eligible, except as agreed otherwise, in writing, by NRCS, if the land is subject to a deed or other restriction prohibiting the production of agricultural commodities or where a benefit has or will be obtained from a Federal agency in return for the participant's agreement not to produce such commodities on the land during the same time as the land would be enrolled in the program. By offering land for enrollment, the participant certifies as a condition for payment that no such restrictions apply to the subject land.

   C. The participant shall not be eligible for payments for implementation of conservation practices or activities that the participant is required to implement to address noncompliance with 7 CFR Part 12. Contract payment will not be delayed for conservation practices or activities completed while in noncompliance with 7 CFR Part 12 or for the purpose of circumventing the payment eligibility requirements set forth in 7 CFR Part 12.
3. AGREEMENT
   A. The participant agrees to—
      1. Enroll eligible land into the program for the period of time as specified on Form NRCS-CPA-1202 beginning on the date this contract is executed by NRCS;
      2. Comply with the terms and conditions of this contract;
      3. Establish, maintain, and replace, as specified in this contract, the conservation practices or activities agreed to in Form NRCS-CPA-1155 and, if applicable, Form NRCS-CPA-1156, including completion of a conservation practice or activity within the first 12 months of the contract. NRCS may extend the timeframe for completion if NRCS determines that the participant is unable to complete the conservation practice or activity for reasons beyond their control;
      4. Obtain the authorities, permits, easements, or other approvals necessary for the implementation, operation, and maintenance of the conservation practices or activities in accordance with applicable laws and regulations;
      5. Discontinue implementation and notify NRCS immediately if during the construction of any conservation practice or activity a previously unknown, unexpected, or unidentified endangered species, archeological, cultural, or historical site is encountered or the prescribed conditions for mitigation purposes have changed;
      6. Not undertake any action on land under the participant’s control which tends to defeat the purposes of this contract, as determined by NRCS;
      7. Not start any financially assisted conservation practice or activity before this contract is executed by NRCS, unless NRCS approves a waiver;
      8. Complete and file Form CCC-901, “Member’s Information,” or its equivalent, if the participant represents a business classified as a legal entity or joint operation by the USDA under 7 CFR Part 1400 and maintain updated information with the Farm Service Agency as provided in 7 CFR Part 1400;
      9. File forms required by NRCS for applicable payment limitation determinations.
     10. File forms required by NRCS for adjusted gross income (AGI) determinations;
     11. Provide to NRCS, upon request, written concurrence from the landowner that identifies the participant has authority to install structural or vegetative conservation practices or activities;
     12. File Form NRCS-CPA-1245, “Practice Approval and Payment Application,” or similar NRCS-approved form, upon completion of a contracted conservation practice or activity, in order to receive payment;
     13. Retain all records, including receipts, as proof of completion and payments, and other documents related to this contract for a period of three (3) full years after completion of the terms of this contract, and give to the NRCS, the USDA Office of Inspector General and the Comptroller General of the United States, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to this contract; and
14. Allow access to the land under contract to the NRCS, or its representative, for monitoring progress on this contract. NRCS shall provide reasonable notification to the participant prior to entering the land under contract.

B. NRCS agrees, subject to the availability of funds, to—

1. Approve payment to the participant for completing an eligible conservation practice or activity as scheduled in Forms NRCS-CPA-1155 or NRCS-CPA-1156, if applicable, as described herein.

2. Approve payments based on the actual extent of the conservation practice or activity implemented. NRCS will approve payments based on the payment rate agreed to in Forms NRCS-CPA-1155 or NRCS-CPA-1156. NRCS will only approve payments for conservation practices or activities the participant completes within the contract period of performance and that meet or exceed the requirements described in the NRCS standards and specifications, designs, job sheets or guide sheets;

3. Approve payments submitted on Form NRCS-CPA-1245, or similar NRCS-approved form, based upon the shares to which the parties have agreed as set forth on Form NRCS-CPA-1202.

4. PERIOD OF PERFORMANCE

This contract is effective when signed by the participant and executed by an authorized representative of NRCS. The contract term begins on the date NRCS executes the contract as indicated on the Forms NRCS-CPA-1202 or NRCS-CPA-152 and shall not exceed the maximum length authorized for the program. All required participants must sign this contract within the timeframe established by NRCS. In the event that a statute is enacted during the period of this contract which would materially change the terms and conditions of this contract, the NRCS may require the participant to either modify this contract consistent with the provisions of such statute or agree to contract termination.

5. CONTRACT CORRECTION, MODIFICATION, AND TRANSFER

A. Contract Correction—NRCS reserves the right to correct all errors in entering data or the results of computations in this contract. If the participant does not agree to such corrections, NRCS shall terminate the contract.

B. Contract Modification.—NRCS and the participant may agree to modify this contract upon determination and approval of NRCS that the modification is consistent with the purposes of the program and is in the public interest. Any participant on the contract may approve modifications for the contract on behalf of all participants unless such signature authority is specifically denied on Form NRCS-CPA-1202.

C. Contract Transfer.

1. The participant must provide written notice to NRCS within 60 days of any voluntary or involuntary loss of control of any acreage under the contract, including changes in a participant’s ownership structure or corporate form. NRCS will terminate the contract, if timely notice is not provided, if an eligible producer is not identified in the notice, or if the new producer is not approved by NRCS to accept the terms and conditions of the contract.
2. NRCS may approve a transfer of the contract if the new producer meets the program eligibility requirements within a reasonable time frame as determined by NRCS, the new producer agrees to assume the rights and responsibilities for the acreage under the contract, and NRCS determines that the purposes of the program will continue to be met.

3. Until NRCS approves the transfer of contract rights, a new producer is not a participant and may not receive payment for conservation practices or activities commenced prior to approval of the contract transfer.

6. CONTRACT VIOLATION AND TERMINATION
   
   A. If a participant fails to carry out the terms and conditions of this contract NRCS may terminate this contract. NRCS may require the participant to refund payments received under this contract, or if not terminated, require the participant to accept such adjustments in subsequent payments as are determined to be appropriate by NRCS.
   
   B. The NRCS may terminate this contract, in whole or in part, without liability, if NRCS determines that continued operation of this contract will result in the violation of a statute or regulation, or if NRCS determines that termination would be in the public interest.
   
   C. NRCS and the participant may agree to terminate this contract if NRCS determines that the termination is in the public interest.
   
   D. NRCS may determine that a participant is not in violation of the contract for failure to comply with the contract if the circumstances for failing to comply were beyond the control of the participant, including a disaster or related condition, as determined by the NRCS.
   
   E. The contract terminates upon death of the participant unless the estate or other successor of the deceased participant, as determined by NRCS, assumes responsibility for the contract and meets applicable eligibility requirements. NRCS may transfer the contract to the estate or deceased participant successor by completing Form NRCS-CPA-152. The transfer agreement is not in effect until approved by NRCS. Payment will be in accordance with guidance provided in applicable provisions of 7 CFR Parts 707 and 1400 as determined by NRCS.

7. PAYMENT COLLECTION AND RECOVERY OF COST
   
   A. Collection of amounts due from a participant for contract violation, improper payment, or any other reason will follow procedures of 7 CFR Part 1403. NRCS will notify the participant and provide the reason for the collection and the amount owed. Unpaid debts accrue interest due to the NRCS beginning 30 days after the billing date at the current value of funds rate published in the Federal Register by the United States Department of Treasury.
   
   B. In the event a participant violates the terms of this contract, the participant voluntarily terminates this contract before any contractual payments have been made, or this contract is terminated with cause by NRCS, NRCS will incur substantial costs in administering this contract which may not be possible to quantify with certainty. The participant agrees to pay, at the time of termination, liquidated damages in an amount equal to 10 percent of the total financial assistance obligated to the participant in this contract. The liquidated damage payment is for recovery of administrative costs and technical services, and is not a penalty.
8. **OPERATION AND MAINTENANCE OF CONSERVATION PRACTICES OR ACTIVITIES (O&M AGREEMENT)**

The participant agrees to operate and maintain (O&M) all conservation practices or activities included within this contract. The participant’s O&M responsibilities begin when they complete the conservation practice or activity, as determined by NRCS, and shall continue through the end of the practice or activity lifespan. Failure to carry out O&M may result in NRCS terminating this contract.

9. **PROVISIONS RELATING TO TENANTS AND LANDLORDS**

No payment will be approved for the current year if NRCS determines that any of the following conditions exist:

1. The landlord or operator has not given the tenants that have an interest in the agricultural operation covered by the contract, or that have a lease that runs through the contract term at the time of sign-up, an opportunity to participate in the benefits of the program.

2. The landlord or operator has adopted any other scheme or device for the purpose of depriving any tenant of any benefits to which such tenant would otherwise be entitled. If any such conditions occur or are discovered after payments have been made, all or any part of the payments, as determined by NRCS, must be refunded and no further payments shall be made.

10. **MISREPRESENTATION AND SCHEME OR DEVICE**

A participant who is determined to have erroneously represented any fact affecting a determination with respect to this contract and the regulations applicable to this contract, adopted any scheme or device which tends to defeat the purposes of this contract, or made any fraudulent representation with respect to this contract, will not be entitled to payments or any other benefits made under this contract. The participant must refund to NRCS all payments received plus interest. In addition, NRCS may terminate the participant’s interest in all conservation program contracts. The provisions of this paragraph of the Appendix shall be applicable in addition to any other criminal and civil fraud statutes.

11. **RIGHTS TO APPEAL AND REQUEST EQUITABLE RELIEF**

A. The participant may appeal an adverse decision under this contract in accordance with the appeal procedures set forth at 7 CFR Part 11, Subpart A, and Part 614. Pending the resolution of an appeal, no payments shall be made under this contract. Before a participant seeks judicial review, the participant must exhaust all appeal rights granted within these regulations.

B. The participant may also request equitable relief as provided under 7 U.S.C. 7996 and 7 CFR Part 635.

By signing this contract, the participant certifies that the participant will comply with the requirements of 2 CFR Part 182 and 2 CFR Part 421. If it is later determined that the participant knowingly rendered a false certification, or otherwise violated the requirements of the Drug-Free
Workplace Act, NRCS, in addition to any other remedies available to NRCS under this contract or in general to the United States, may take action authorized under the Drug-Free Workplace Act.

1. GENERAL TERMS
   A. The regulations in 7 CFR Part 1470 and any other applicable regulations are incorporated, by reference, herein. In the event of a conflict between these regulations and the terms of this Appendix, the provisions of the regulations will prevail.
   B. In addition to the documents identified in the general provisions, the contract also incorporates the following documents, to which the participant is bound:
      Conservation Stewardship Plan (GCI plan) and plan maps
   C. The participant may make a one-time election to enroll all or a portion of the participant’s eligible acres into a CSP-GCI contract.

2. PROGRAM ELIGIBILITY REQUIREMENTS
   A. Participants must be the operator, owner, or other tenant of an agricultural operation in the Farm Service Agency (FSA) farm records management system and have effective control of the land for the CSP-GCI contract period.
   B. Participants must demonstrate to the satisfaction of NRCS that they share in the risk of producing a crop; share in the crop available for marketing from the farm; and participate in the daily management, administration, and performance of the operation for the land included in the CSP-GCI contract.
   C. Participants must be in compliance with the highly erodible land and wetland conservation provisions found in 7 CFR Part 12.
   D. Participants must comply with adjusted gross income provisions found at 7 CFR Part 1400.
   E. Participants must supply information, as required by NRCS, to determine eligibility for CSP-GCI.
   F. Eligible land enrolled in the CSP-GCI means cropland for which base acres have been maintained by the Secretary of Agriculture under section 1112(d)(3) of the Agricultural Act of 2014.
   G. The participant shall not be eligible for contract payments for the following:
      1. Any conservation practices or activities other than the NRCS-approved GCI activity.
      2. Any payments for the design, construction, or maintenance of animal waste storage or treatment facilities or associated waste transport devices for animal feeding operations.
3. AGREEMENT

A. The participant agrees to manage and maintain land enrolled in the CSP-GCI contract to maintain grassland conservation benefits as documented in the GCI plan and hereby incorporated as part of the CSP-GCI contract.

B. Notify NRCS within 30 days of any CSP-GCI contract acres accepted for enrollment in the Conservation Reserve Program, into a Wetland Reserve Easement through the Agricultural Conservation Easement Program, or into another Federal or State program that offers greater natural resource protection, as determined by NRCS. NRCS must remove these acres from the CSP-GCI contract. Participants will not be subject to liquidated damages or refund of payments received for enrolling land in these programs. However, NRCS will evaluate whether the removal of these acres allows the participant to continue to meet the CSP-GCI requirements or if this action warrants termination of the CSP-GCI contract.

C. The participant may request to terminate the CSP-GCI contract at any time without refund of payments received.

D. The participant cannot renew a CSP-GCI contract.

E. Land enrolled in a CSP-GCI contract is considered planted to a covered commodity during each crop year covered by the CSP-GCI contract.

F. The participant may enroll eligible land not enrolled under a CSP-GCI contract in a CSP classic contract, but a participant may not have the same land enrolled in more than one CSP contract at the same time.

G. The participant shall not request to terminate an active CSP classic contract, nor will NRCS approve such a request, so that the participant can enroll in the CSP-GCI.

4. PAYMENT

A. Subject to the availability of funds, NRCS will make CSP-GCI contract payments at the rate of $18 per acre not to exceed the eligible base acres enrolled in the contract.

B. The participant is not subject to payment limitations or contract limits for the CSP-GCI contract.

5. PERIOD OF PERFORMANCE

This CSP-GCI contract shall have a term not to exceed 5 years from the date of contract execution as indicated on the NRCS-CPA-1202.

By signing this document, you acknowledge and agree that all the information provided is true and accurate on your behalf. Any false certifications made by participants by signing this Appendix may subject the participants to criminal and civil fraud statutes. You further acknowledge that you have read and accept all terms and conditions provided in this Appendix.
