

## Determining Potentially Eligible Base Acres for a Farm and Tract

The potentially eligible base acres associated with an applicant's farm and tract may change due to FSA farm reconstitutions or other data updates. The base acres should be confirmed by reviewing the FSA 156EZ on the Farm Data Records report in [MIDAS](#).

MIDAS can be accessed by NRCS users who have taken the required training to gain access or FSA employees.

1. Select "CRM@FSA."

USDA United States Department of Agriculture Modernize and Innovate

Click "CRM@FSA."

Search Farms/Bins

Web Links

No result found

Favorites

Click on "Farm Records."

Click "Farms/Bins."

4. Fill out the "Farm Number" field and select the admin state and admin county using the relevant dropdown list.
5. Click "Search."
6. Click on "IBase ID."

**Search: Farms**

**Search Criteria**

\* Specifying values for multiple fields will narrow the search results, while specifying different values for the same field in multiple line entries will broaden the search results.

Search For: Search by Farm
